## OBJECTIVE

Ambitious, detail-oriented, and dependable Computer Applications graduate with hands-on experience in full-cycle web development, AI tool integration, and CMS platforms. Seeking an entry-level Web Developer position to build high-performance, responsive websites while contributing to organizational growth.

## TECHNICAL SKILLS

- **Web & CMS Development:** WordPress (Theme Customization, Elementor, Plugin Setup), Shopify (Store Setup, Theme Modifications, Liquid Basics)
- **Frontend Tech Stack:** HTML5, CSS3, JavaScript (ES6+), React.js (Learning), Responsive Web Design
- **Tools & Platforms:** Git, GitHub, VS Code, WooCommerce
- **AI & Productivity:** Generative AI Tools, Prompt Engineering, AI-Assisted Code & Content Generation
- **Soft Skills:** Problem Solving, Clear Communication, Time Management, Team Collaboration

## EXPERIENCE

### Website Development Intern

July 2026 – Present

MauliKavyanshu Foundation

- Developing and maintaining responsive web layouts to enhance the foundation's online presence and digital reach.
- Optimizing site performance, mobile adaptability, and user interface features for smooth navigation.

### AI & Web Development Intern

April 2026 – June 2026

Digital Techists Consulting LLP (Pune, Remote)

- Integrated AI-driven workflows into web development projects to streamline UI components and content deployment.
- Collaborated on custom WordPress and web assets, ensuring modern styling, cross-browser compatibility, and fast loading times.

### Web Development Intern

January 2026 – April 2026

SpWeb@Devs Agency (Mumbai, Remote)

- Configured and customized responsive websites using clean HTML, CSS, JavaScript, and CMS frameworks.
- Managed client-side assets, implemented layout fixes, and assisted in frontend testing across various screen resolutions.

## PROJECTS

### E-Commerce Store & Custom Landing Page Development

Tech Stack: Shopify, HTML5, CSS3, JavaScript

- Designed and configured a fully operational e-commerce store layout utilizing Shopify templates and custom styling.
- Implemented mobile-friendly UI components and interactive navigation features to optimize user experience.
- Managed product categorization, checkout flow layouts, and custom media assets within the system.

### Gemini AI Chat Integration Application

Tech Stack: JavaScript, Generative AI, HTML/CSS

- Built an interactive AI chatbot application deploying secure JavaScript-based Gemini API endpoints.
- Created a responsive web interface featuring modern UI flows and asynchronous data loading.
- Utilized prompt engineering techniques to structure accurate API response flows within the frontend application.
